

HELP US MAP ON-CAMPUS RESOURCES FOR PARENTS AND FAMILIES AT UTM!

WHERE DO FAMILIES SPEND TIME ON THE UTM CAMPUS?

WHAT ARE THE BEST FAMILY-FRIENDLY SPACES ON CAMPUS FOR NURSING, PLAYING, CHANGING, AND EATING?

As part of an upcoming exhibition at the Blackwood Gallery this fall, the **Center for Parenting Artists** invites the UTM community—and their children—to share their favourite family-friendly spaces across campus.

To participate:

Send us a drawing or photograph of a space or an activity you do on campus that is important to your family! Pictures can show spaces that are good for eating, playing, nursing, quiet time, diaper-changing, etc. We want to know how you use the campus!

- 1) Email a photo or drawing to blackwood.gallery@utoronto.ca
Deadline: August 4, 2017.
- 2) Name the location on campus
- 3) Share your name and the age(s) of your children (optional)

The Center for Parenting Artists will translate your image into Universal Signage (like the examples here). In October, the signs will be displayed across campus to show families they are welcome on campus and to help navigate child-friendly spaces at the university. Please provide an email address where you can be notified about your sign!

About the Center for Parenting Artists:

The Center for Parenting Artists is a not-for-profit organization dedicated to encouraging and sharing resources for artists with children. centerforparentingartists.wordpress.com
